Daniel D. Curry, soon-to-be-former Superintendent  
1305 Dares Beach Road  
Prince Frederick, MD 20678

Daniel D. Curry:

Although you claim \$104.97 (two hours) will be waived, it should actually be \$350, which would make the email records we requested free. But we are content to pay \$96.82 and deal with your stupid and petty games later. We would like to pick up the records from Ms. Maxey on Monday, 7/6, or Wednesday, 7/8, and will review the email records to as best possible ensure they have been provided in full before we make payment, although we assure you we are prepared, and eager, to pay for them. All flash drive emails need to be provided in PST format. We expect to see any and all printed, redacted emails to be properly redacted. All searches should have been performed in Gaggie with full count sheets provided, for the entire time span and for all people we requested, to include all DNS suffix addresses. We expect the financial records to be promptly emailed, and provided exactly as they were requested. The only reason things are this way is because you are afraid of what the records we have requested will reveal. At some point you will no longer be able to use staff to protect yourself, and your attempts to manipulate the parameters of our requests will be unsuccessful.

We will be happy to hear from Ms. Maxey what times on Monday or Wednesday, between 9am and 10:00am, may work for her for us to come in to review - and we hope, collect - the emails, so we can pay for them and the financials, go home, open our email, and see the financial records. Won't your COVID questionnaire be invalid by then?

This is not feeling good,

John Blevins
