CCPS' 1:37pm response to 6/02 emails request, "interpreted" our request to be run through O365 instead of clearly requested Gaggle, refuse to search both DNS-suffix addresses, offers emails in .PST format, product offered on flash drive or email, attempt to claim inability to comply with request, "encompasses large volume of materials," IT Dir. McClellan, IT Program Coord. Joel Parmer both involved, supposedly Parmer had to become "familiar" with software he has understood since ~2014, total cost \$109.83-\$250.20, supposedly ~162 "responsive documents;" staff, instead of paralegal, "identified" for redaction
6/15	<ul style="list-style-type: none">• Mon., Our response to ridiculous fees and obfuscation for email records, IT Director McClellan stated in 2018 searches have to be performed in Gaggle to cover full date range, we ask to waive requirement to pay in advance to reduce number of trips to Central Office for COVID and inconvenience, still will not accept piecemeal responses, fee breakdown doesn't make sense.

6/18	<ul style="list-style-type: none">• Thurs., Curry continues to set up RC Karen Maxey, fees make no sense and rife with contradictions, vendor data for contractors entering schools must be known and transparent, IDIQ bid explanation; other surveillance bidders including P2 sound infinitely more responsible; lo and behold, surveillance contract POs and supporting docs DO exist; does CCPS keep organized records? Why isn't \$350 waived instead of 2 hrs.?

7/01	<ul style="list-style-type: none">• Wed., Our response to 6/17 modified response to 5/28 financials request; fees still excessive, \$350 is no longer waived, only 2 hours; vendor privacy matters more than students'/staff's; 11 hours of Construction Director and Supervisor's time?; preparing to hear from Ms. Maxey to schedule time to pay for and collect both financial and email request products; COVID questionnaire
7/02	<ul style="list-style-type: none">• Thurs., 11:06am Email from RC Karen Maxey stating emails will cost \$201.79• 4:31pm, we respond, \$350 should be waived for emails, instead of 2 hours, which would make free the emails, will pay \$96.82 anyway; reiteration of email request requirements and state our availability for times to collect records

7/07	<ul style="list-style-type: none">• Tues., Letter to Curry asking if we may pick up records alone in board meeting room like we did on 7/26/18, to protect against Coronavirus concerns, or we're willing to pass records and payment through the front doors to Central Office and review them on the steps

Review of these documents will need to be conducted off-site due to COVID restrictions. Mr. Titus will make the exchange when you arrive. Please call the main number at the time of your arrival in order to give staff a few moments to get to the front door."• 8:51am Email response from us – "makes no sense," "will meet with mr. Titus in protest."• 8:58am Records pickup: Mr. Titus wears State Police shirt, meets us before 9 on front steps, no need to make phone call, expressed continued false panic over COVID, said lady let into building was there for hiring/fingerprinting, says hopes CCPS is abiding by proper fingerprinting standards/policy or maybe CCPS is hiring people who shouldn't be. Will not relinquish records until payment received, Mexican standoff• 8:22pm Letter to Curry (scum) re: pickup difficulties, Safety Specialist Larry Titus wearing State Police Camp Cops shirt, visitor allowed in while we weren't; Titus - Let's hope we [CCPS] are using proper fingerprinting policy/standards or maybe we're hiring people we shouldn't be; paid for records in protest, without review, Titus claimed he has no knowledge of our situation and no job is worth compromising his character, initial observations of records when downloaded at home (untaping of envelopes and downloads of flash drives recorded); are all surveillance POs included?; only 117 disorganized emails provided, no count sheets, student code names improperly redacted; included email helping prove campaign against Sarah, thousands of emails (including duplicates) missing, email addresses missing, emails cost 2.5x more per than 4/30/18 emails, the remainder for which we sued, \$350 should have been waived from both requests, instead of only 2 hours; informing new financial PIA request coming; gearing up for Phase 2• 8:35pm Submitted request for almost 6 years Vendor Payment History Reports, excluding those already received in first phase of PIA suit, Expenditure Budget Activity reports spanning nearly 6 years• CAN YOU FEEL THE FEAR?
7/10	<ul style="list-style-type: none">• Fri., Calvert Recorder article, 'A sit-down with the superintendent of schools' – addressing COVID concerns, Curry poses next to "CLOSED" sign in front of Central Office; CCPS in Phase 2; as typical, Curry takes no responsibility and will not deign to mention "teachers" who do so much to keep system together
7/20	<ul style="list-style-type: none">• Mon., Response to our 2nd 7/8 financials request; #1 .5-1hr. to complete, #2 .5-1hr. to complete, all records estimated free, 6 years of two sets of ledgers will require less than 2 total hours and be ready by 8/7; some records might be withheld, which is wrong.
